RHAPSODIES 200G  
RCA Living Stereo RCALSC

Released April 29, 2005

Maestro Stokowski at the podium and Bob Simpson at the 3 track Ampex recorder to capture the "Rhapsodies" from Liszt, Enesco, and Smetana that give this issue its title. This is titanic sound that will sink most speakers and amps for that matter. A must and the first time back on Classic's 200g Super Vinyl Profile
