

Dexter Gordon
Dexter Calling
Blue Note
BN 4083-MONO-200G

Scheduled to be released July 28, 2009

One in a series of strong comeback albums for Blue Note, this true classic features a simple line-up of four undisputed masters who all deliver on their renown. Supporting Gordon's tenor are Kenny Drew-piano, Paul Chambers-bass and Philly Joe Jones-drums. Tight precision mixed with unbridled mirth abound in the interplay, with a lot of credit due to the choice of varying tempos and material. From within a career of constant superlatives, it's hard to single such out, but Drew's playing is particularly impressive and sets the bar in support of a single, solo horn date, for pianists.). Cut from the original MONO master tapes by Bernie Grundman using Classic Records' ALL TUBE pure MONO cutting system and pressed on Classic Records Quiex SV-P II proprietary "flat" profile.
