

## Van Morrison Moondance On 180g Vinyl LP

Remastered from the Original Analog Tapes by Kevin Grey at Acoustech and Pressed on 180g RTI vinyl! True Audiophile-Quality!

If Astral Weeks was the work of a poet, its sequel was the statement of a true musician and bandleader. Van Morrison's Moondance is that rare rock album where the band has buffed the arrangements to pure perfection. The pastoral imagery of the sweetly nostalgic album opener, "And It Stoned Me," establishes the dominant lyrical motif recurring throughout the album and virtually every track is bathed in natural wonder, whether it's the nocturnal magic celebrated by the title cut or the unlimited promise offered in "Brand New Day." At the heart of the record is "Caravan," an incantatory ode to the power of radio; equally stirring is the majestic "Into the Mystic," a song of elemental beauty and grace. Moondance shows an artist enraptured by a new-found musical freedom, blending together elements of gospel, rhythm & blues, jazz and rock and from this moment on everything Van sang had soul. This LP is guaranteed to beat any pressing you've ever heard! Our highest recommendation!
