

Prince Purple Rain On 180g Vinyl LP

Remastered from the Original Analog Tapes by Kevin Grey at Acoustech and Pressed on 180g RTI vinyl! True Audiophile-Quality!

Prince designed Purple Rain as the project that would make him a superstar and that's exactly what happened. Simultaneously more focused and ambitious than any of his previous records, Purple Rain finds Prince consolidating his funk and R&B roots while moving boldly into pop, rock and heavy metal on nine superbly crafted songs. Although Prince's songwriting is at a peak, the presence of the Revolution helps pull the music into even sharper focus, giving it a tougher, more aggressive edge. "When Doves Cry" is an eerie, spare neo-psychedelic masterpiece, "Let's Go Crazy" is a furious blend of metallic guitars, Stonesy riffs, and a hard funk backbeat and the anthemic title track is a majestic ballad filled with brilliant guitar. All in all, Purple Rain is a stunning statement of purpose that remains one of the most exciting rock & roll albums ever created.
