

Stephen Stills Just Roll Tape: April 26, 1968 On 180g Vinyl LP

Remastered from the Original Analog Tapes by Kevin Grey at Acoustech and Pressed on 180g RTI Vinyl! True Audiophile-Quality!

A moment in rock & roll history, unearthed! In April of 1968, after leaving Buffalo Springfield, but before joining CSN, Stephen Stills found himself in a New York recording session with then girlfriend Judy Collins. Stills wandered down the hall with an engineer and an acoustic guitar, and laying down a couple hundred-dollar bills, told the engineer "Just roll tape." What he recorded in the ensuing hours was the first ever versions of what would become classics for Stephen Stills, CSN, CSNY and Manassas. Almost 40 years later the tapes, rescued decades ago from a garbage bin, are finally remastered and being released to the public. Includes the first recordings of the future CSN hits "Suite: Judy Blue Eyes," "Helplessly Hoping" and "Wooden Ships," as well as demos of Stills' solo classics "Change Partners," "Black Queen," and "Know You Got To Run," and Manassas' "So Begins The Task."
